## THE UK

Step into a world of unlimited possibilities in the United Kingdom, where academic excellence meets innovation. From world-recognized universities to an innovative teaching approach and the leading minds who deliver it, the UK has what you need to reach your potential. It's not surprising that more than 500,000 international students choose to study here each year!

There are various financial support options for international students aspiring to study in the UK. These options vary, including partial funding (contributing towards your tuition fees) and full funding (covering program fees, living costs, and return airfare to the UK). The UK's Graduate Route allows international students to apply to stay in the UK and work, or look for work, upon graduation. International students who have successfully completed an undergraduate or master's degree have the option to apply to stay in the UK for up to two years. Ph.D. graduates can apply to stay for up to three years.

- Home to top world-ranked universities
- Work while you learn: part-time job availability up to 20 hours per week
- Living expenses about GBP 1,000 per month
- Known for its rich history, culture, and diversity
- Up to 3 years of stay back after studies

## USA

In recent years, the U.S. has been the most popular university destination worldwide, with top-ranked institutions known for their high academic standards and strong support. American universities value diversity, enriching the student experience through exposure to various cultures and backgrounds.

- The economic powerhouse, with GDP exceeding USD 25 trillion
- Home to the top 5 world-ranking universities
- Over 5,300 universities and colleges
- Numerous scholarships available
- Diversity in programs
- A unique higher education system
- Immense scope for groundbreaking research
- Diversity of people, cultures, and regions in the U.S.

## CANADA

Canada, consistently ranked sixth globally for peace, offers renowned educational institutions amidst scenic beauty, making it an ideal study destination. Canadian colleges are highly ranked internationally, and the Ministry of Education promotes an educational strategy to attract more international students. Canada's flexible curriculum allows students to work while pursuing degrees and offers legal employment opportunities post-graduation.

- Globally ranked institutions
- Promising course options
- Flourishing job market and financial sector
- Affordable fee structure
- Up to 3 years of stay back
- Part-time job availability for students up to 20 hours per week
- Easy to settle with a work permit

## AUSTRALIA

Australia is a top choice for international students due to its high-quality education, welcoming culture, vibrant cities, and stunning natural landscapes. Australian universities consistently rank among the world's best, known for education quality, student satisfaction, and global reputation. Government accreditation ensures a high standard of education. International students can work while studying, offering opportunities for networking and gaining industry experience.

- Home to 6 of the world's top 100 universities
- Over 40 universities offering a wide range of academic programs
- Innovative research facilities and advanced infrastructure
- High-quality, internationally recognized qualifications
- Combination of practical and theoretical knowledge
- High standard of living and future income potential
- Part-time work available for students up to 24 hours per week
- Post-study stay back for up to 7 years
- Well known for its beautiful landscapes and varied wildlife

## NEW ZEALAND

New Zealand's educational institutions provide extensive opportunities for research and study across arts, sciences, and commerce. With picturesque landscapes, the country offers internationally recognized degrees, a modern education system, and expert faculties. Institutes of Technology and Polytechnics (ITPs) are particularly noted for their job-ready programs.

- Rigorous academic curriculum
- Internationally recognized degrees
- Affordable tuition fees
- Enhances career opportunities and earning potential
- 20 hours part-time job per week
- Dependents can work full-time
- Up to 3 years of stay back

## IRELAND

One of the main reasons international undergraduate and graduate students choose to study abroad in Ireland is that it offers an excellent education in a progressive, innovative country with promising career options. Ireland is also an ideal destination for students interested in stunning scenery, beautiful coastal and mountain walks, and ancient culture and architecture. Those who prefer indoor activities will love Ireland's numerous museums and art galleries, gourmet food, coffee culture, and cozy pubs with traditional live music.

Ireland is home to many leading global MNCs, and international students can find jobs in well-known companies such as eBay, Skype, Microsoft, Google, Slack, etc. Additionally, the Irish economy is rapidly growing in the Eurozone and is the 6th most competitive in the world. These benefits further boost the career aspirations of students studying in Ireland.

- Excellent education system
- High-quality institutions
- Abundant employment prospects
- Cultural diversity
- Research and innovation opportunities
- Part-time job availability for up to 20 hours per week
- Post-study work permit for up to 2 years
